Subject: Superior / Interested Investor for the Engines business

Steve,

I had today some correspondence and talks with the following group that says they are interested in the Superior engines business.

The engines are not of strategic interest to Aviation Air parts group - in addition, in a reorganization they could well be disposed of. Would you be so kind and forward them an NDA (or you send me the NDA which you are using) and we should talk to them asking them to deliver swiftly a fully financed bid for the engines. Not sure yet about their financial capacity, but that's why I recommend to put them to the test fairly swiftly.

Dear Mr. Cheng,

thank you for your interest - the process is very far advanced and it will be difficult and unlikely to introduce new interested parties at this stage. That said, please tell me what would be your strategy / intention for Superior and in what of Superior (the whole, select parts) you are most interested in (in case there may be an opportunity at a later stage)

- the engines
- the piece parts business (PMAs)
- the inventory
- know how and brand names
- Superior as whole

Also, I would kindly ask you to outline to me your financial ability to consummate transactions and corresponding financial resources to stem deals/pay cash for deals significantly north of USD 10 million. Please send me a company/financial report of your Company so I understand better your financial abilities.

Best regards,
